

Luxhammar's Spare part Stock and laboratory are located in the most busiest logistic center area of Mikkeli, just next of cross of roads 4 and 72. Central location just next door of "Schenker Express" -terminal and near by courier services , allows quick pickup from Luxhammar's stock for example UPS, DHL, FedEx, TNT like Schenker Express and Kiitolinja.

We own a range of spare parts for heat tretment kilns, boilers, heaters and steam generators to ensure the rapid availability of spare parts in unexpected fault situations. Wide range of spare part together with central location allows same or next day delivery all over the Europe, North-America and Asia.

Luxhammar's 2 floor spare part stock has hundreds of parts available for immediate delivery.

A variety of small and larger parts are bought in larger batches to ensure the competitiveness.

Application of 5S as a result of the 5S implementation is a way to organize and manage the inventory. Therefore

Bar coded parts guarantees exact deliveries from Luxhammar's stock staff.
